

# Theme 6. Agriculture

Worksheet - Ages 11-14

Name: \_\_\_\_\_

## Problem and solution

### Exercise 1

Read the following sentence:

“A healthy climate starts on your plate.”

**What does this sentence mean?**

Write down your answer.

---

---

---

---

### Exercise 2

You have learned about animal husbandry, arable farming and horticultural farming.

**Do you know of any other forms of agriculture?**

You may use the internet to find out.

**What examples did you find?**

Share what you have learned with a classmate.

---

---

---

---

### Exercise 3

*Chips don't grow on trees ...*

**How are chips made, processed and packaged?**

**Research this on the internet or ask someone who knows about this.**

*Draw or make a schematic to show how the process works.*

*You may also choose a different snack.*

## What can you do?

### Exercise 4

**What can you do for a better climate?**

*You may choose more than one answer, or think of your own answer.*

- Eat less meat
- Eat and drink less dairy (yogurt, milk)
- Throw away less food
- Drink more water and fewer soft drinks
- I don't want to change anything.
- \_\_\_\_\_ (own answer)

This is better for the climate because:

---

---

### Exercise 5

a. How do you know if your product is organic or not? Find examples on the internet.

---

---

---

b. Create a menu filled with seasonal products.

*Create a real menu, just like in a restaurant.*
